*The Theatre of August Wilson*  
Mar 18 2020  
The first comprehensive study of August Wilson's drama introduces the major themes and motifs that unite Wilson's ten-play cycle about African American life in each decade of the twentieth century. Framed by Wilson's life experiences and informed by his extensive interviews, this book provides fresh, coherent, detailed readings of each play, well-situated in the extant scholarship. It also provides an overview of the cycle as a whole, demonstrating how it comprises a compelling interrogation of American culture and historiography. Keenly aware of the musical paradigms informing Wilson's dramatic technique, Nadel shows how jazz and, particularly, the blues provide the structural mechanisms that allow Wilson to examine alternative notions of time, property, and law. Wilson's improvisational logics become crucial to expressing his notions of black identity and resituating the relationship of literal to figurative in the African American community. The final two chapters include contributions by scholars Harry J. Elam, Jr. and Donald E. Pease

*Robert Wilson* Jul 02 2021  
Robert Wilson is an American-European director who is also a performer, installation artist, writer, designer of light and much more besides - a crossover polymath who dissolves both generic and geographical boundaries and is a precursor of globalisation in the arts. This second edition of Robert Wilson combines: an analysis of his main productions, situated in their American and European socio-cultural and political contexts a focused, detailed study of Wilson's pathbreaking *Einstein on the Beach* a study of Pushkin's *Fairy Tales* as the foremost example of his folk-rock music theatre in the twenty-first century an exploration of his 'visual book', workshop and rehearsal methods, and collaborative procedures a study of his aesthetic principles and the elements of composition that

distinguish his directorial approach a series of practical exercises for students and practitioners highlighting Wilson's technique. As a first step towards critical understanding, and as an initial exploration before going on to further, primary research, Routledge Performance Practitioners offer unbeatable value for today's student.

Only in Naples Sep 04 2021 A Radio 4 Book of the Week 'See Naples and die', said Goethe. But Katherine Wilson saw Naples and started to live. Katherine is fresh out of college when she arrives in Naples to intern at the US Consulate. There she meets handsome, studious Salvatore, and finds herself enveloped by his family - in particular by his elegant mother, Raffaella, who begins her real education: never eat the crust of a pizza first, always stand up and fight for yourself and your loved ones, and remember that mealtimes are sacred. Immersed in Neapolitan culture, tradition and cooking, slowly and unexpectedly falling for Salvatore, and basking in Raffaella's company and guidance, Katherine discovers how to prepare meals that sing, from rich ragù to pasta al forno, with bacon, béchamel and four kinds of cheese. Through courtship, culture

clashes, Sunday Mass, marriage and motherhood, Katherine slowly comes to appreciate carnale, the quintessentially Neapolitan sense of comfort and confidence in one's own skin. Steeped in sunlight, wine and unforgettable food, *Only in Naples* is a love letter to a city and a family, a coming-of-age story, and a transporting account of learning to live the Italian way. 'Katherine Wilson gives us more than the fabulous food of Naples. She offers us a passport to an exotic country we would never be able to enter on our own.' Ruth Reichl, author of *My Kitchen Year*

**China, Russia, and Twenty-first Century Global Geopolitics** May 20 2020 "This book provides a comprehensive analysis of the Chinese-Russian bilateral relationship, grounded in a historical perspective, and discusses the implications of the burgeoning 'strategic partnership' between these two major powers for world order and global geopolitics. The volume compares the national worldviews, priorities, and strategic visions for the Chinese and Russian leadership, examining several aspects of the relationship in detail. The energy trade is the most important component of economic ties, although both sides desire to broaden trade and investments. In the military realm, Russia sells advanced arms to China, and the two countries engage in regular joint exercises. Diplomatically, these two Eurasian powers take similar approaches to conflicts in Ukraine and Syria,

and also cooperate on non-traditional security issues including preventing coloured revolutions, cyber management, and terrorism. These issue areas illustrate four themes. Russia and China have common interests that cement their partnership, including security, protecting authoritarian institutions, and re-shaping aspects of the global order. They are key players not only influencing regional issues, but also international norms and institutions. The Sino-Russian partnership presents a potential counterbalance to the United States and democratic nations in shaping the contemporary and emerging geopolitical landscape. Nevertheless, the West is still an important partner for China and Russia. Both seek better relations with the West, but on the basis of 'mutual respect' and 'equality'. Lastly, Russia and China have frictions in their relationship, and not all of their interests overlap. The Sino-Russian relationship has gained considerable momentum, particularly since 2014 as Moscow turned to Beijing attempting to offset tensions with the West in the aftermath of Russia's annexation of Crimea and intervention in Ukraine. However, so far, China and Russia describe their relationship as a comprehensive 'strategic partnership', but they are not 'allies'."--Publisher's website.

**After Cooling** Jun 20 2020 This "ambitious [and] delightful" (The New York Times) work of literary nonfiction interweaves the

science and history of the powerful refrigerant (and dangerous greenhouse gas) Freon with a haunting meditation on how to live meaningfully and morally in a rapidly heating world. In *After Cooling*, Eric Dean Wilson braids together air-conditioning history, climate science, road trips, and philosophy to tell the story of the birth, life, and afterlife of Freon, the refrigerant that ripped a hole larger than the continental United States in the ozone layer. As he traces the refrigerant's life span from its invention in the 1920s—when it was hailed as a miracle of scientific progress—to efforts in the 1980s to ban the chemical (and the resulting political backlash), Wilson finds himself on a journey through the American heartland, trailing a man who buys up old tanks of Freon stockpiled in attics and basements to destroy what remains of the chemical before it can do further harm. Wilson is at heart an essayist, looking far and wide to tease out what particular forces in American culture—in capitalism, in systemic racism, in our values—combined to lead us into the Freon crisis and then out. “Meticulously researched and engagingly written” (Amitav Ghosh), this “knockout debut” (New York Journal of Books) offers a rare glimpse of environmental hope, suggesting that maybe the vast and terrifying problem of global warming is not beyond our grasp to face.

*Shakespeare and Game of Thrones* Aug 03 2021 It is widely acknowledged that the

hit franchise *Game of Thrones* is based on the Wars of the Roses, a bloody fifteenth-century civil war between feuding English families. In this book, Jeffrey R. Wilson shows how that connection was mediated by Shakespeare, and how a knowledge of the Shakespearean context enriches our understanding of the literary elements of *Game of Thrones*. On the one hand, Shakespeare influenced *Game of Thrones* indirectly because his history plays significantly shaped the way the Wars of the Roses are now remembered, including the modern histories and historical fictions George R.R. Martin drew upon. On the other, *Game of Thrones* also responds to Shakespeare's first tetralogy directly by adapting several of its literary strategies (such as shifting perspectives, mixed genres, and metatheater) and tropes (including the stigmatized protagonist and the prince who was promised). Presenting new interviews with the *Game of Thrones* cast, and comparing contextual circumstances of composition—such as collaborative authorship and political currents—this book also lodges a series of provocations about writing and acting for the stage in the Elizabethan age and for the screen in the twenty-first century. An essential read for fans of the franchise, as well as students and academics looking at Shakespeare and Renaissance literature in the context of modern media.

*Mouth to Mouth* Oct 05 2021 ONE OF BARACK OBAMA'S FAVORITE BOOKS OF 2022 \* An NPR and Time Best Book of the Year \* Longlisted for the 2022 Scotiabank Giller Prize (Canada) \* Finalist for CALIBA's 2022 Golden Poppy Awards A successful art dealer confesses the story of his meteoric rise in this “powerful, intoxicating, and shocking” (The New York Times) novel that's a “slow burn à la Patricia Highsmith” (Oprah Daily). “You'll struggle not to rip through in one sitting” (Vogue). In a first-class lounge at JFK airport, our narrator listens as Jeff Cook, a former classmate he only vaguely remembers, shares the uncanny story of his adult life—a life that changed course years before, the moment he resuscitated a drowning man. Jeff reveals that after that traumatic, galvanizing morning on the beach, he was compelled to learn more about the man whose life he had saved, convinced that their fates were now entwined. But are we agents of our fate—or are we its pawns? Upon discovering that the man is renowned art dealer Francis Arsenault, Jeff begins to surreptitiously visit his Beverly Hills gallery. Although Francis does not seem to recognize him as the man who saved his life, he nevertheless casts his legendary eye on Jeff and sees something worthy. He takes the younger man under his wing, initiating him into his world, where knowledge, taste, and access are currency; a world where value is constantly shifting and calling into

question what is real, and what matters. The paths of the two men come together and diverge in dizzying ways until the novel's staggering ending. Sly, suspenseful, and "gloriously addicting" (BuzzFeed), Mouth to Mouth masterfully blurs the line between opportunity and exploitation, self-respect and self-delusion, fact and fiction—exposing the myriad ways we deceive each other, and ourselves.

*The Instinct for Cooperation* Jun 01 2021 In the tradition of Joe Sacco's graphic journalism comes the first interview-based graphic novel treatment of Noam Chomsky's political ideas and activism. An astonishing graphic novel that brings Chomsky's political analysis to bear on real people's stories on the frontlines of America's struggle for economic justice and human dignity. The *Instinct for Cooperation* innovatively balances those real-life stories of struggle with conversations the author has had with Chomsky on how best to understand them. Although the themes are wide-ranging, this book is ultimately about the importance and need for spaces of resistance in countering state and other institutional forms of violence. For example, when discussing the removal of books by police and sanitation workers from Zuccotti Park in November of 2011, Chomsky paused to say "Arizona knows all about that," referring to the 2010 ban of Mexican American Studies in Tucson schools under Arizona House Bill 2281, which deemed classes that taught "ethnic solidarity" to be illegal. Rather

than footnote the reference, Wilson tells that story. Like Joe Sacco's animated political journalism, this book offers a unique perspective on current issues, while providing a major contribution to the understanding of Chomsky's political theories.

*Front of the House, Back of the House* Apr 18 2020 How workers navigate race, gender, and class in the food service industry Two unequal worlds of work exist within the upscale restaurant scene of Los Angeles. White, college-educated servers operate in the front of the house—also known as the public areas of the restaurant—while Latino immigrants toil in the back of the house and out of customer view. In *Front of the House, Back of the House*, Eli Revelle Yano Wilson shows us what keeps these workers apart, exploring race, class, and gender inequalities in the food service industry. Drawing on research at three different high-end restaurants in Los Angeles, Wilson highlights why these inequalities persist in the twenty-first century, pointing to discriminatory hiring and supervisory practices that ultimately grant educated whites access to the most desirable positions.

Additionally, he shows us how workers navigate these inequalities under the same roof, making sense of their jobs, their identities, and each other in a world that reinforces their separateness. *Front of the House, Back of the House* takes us behind the scenes of the food service industry, providing a window into the unequal lives

of white and Latino restaurant workers.

**Conversations** Aug 15 2022 The definitive guide to learning effective skills for engaging in open and honest conversations about divisive issues from three professional mediators. When a conversation takes a turn into

the sometimes uncomfortable and often contentious topics of race, religion, gender, sexuality, and politics, it can be difficult to know what to say or how to respond to someone you disagree with. Compassionate Conversations empowers us to transform these conversations into opportunities to bridge divides and mend relationships by providing the basic set of conflict resolution skills we need to be successful, including listening, reframing, and dealing with strong emotions. Addressing the long history of injury and pain for marginalized groups, the authors explore topics like social privilege, power dynamics, and, political correctness allowing us to be more mindful in our conversations. Each chapter contains practices and reflection questions to help readers feel more prepared to talk through polarizing issues, ultimately encouraging us to take risks, to understand and recognize our deep commonalities, to be willing to make mistakes, and to become more intimate with expressing our truths, as well as listening to those of others.

Harold Wilson's Cold War Jan 28 2021 Review: "Harold Wilson's Cold War analyses the Labour government's efforts to promote East-West detente and to improve Anglo-Soviet relations from 1964 to 1970." "Geraint Hughes challenges the caricature of Harold Wilson's rigid subservience to America, and shows how, as Prime Minister, he proposed to develop closer contacts with the Soviet leadership, and to

foster co-operation on arms control, conflict resolution in Vietnam, and East-West trade."--Jacket.

*In Black and White* Jan 08 2022 'An absolute triumph; a compelling and courageous memoir forcing the legal profession to confront uncomfortable truths about race and class. Alexandra Wilson is a bold and vital voice. This is a book that urgently needs to be read by everyone inside, and outside, the justice system.' THE SECRET BARRISTER 'A riveting book in the best tradition of courtroom dramas but from the fresh perspective of a young female mixed-race barrister. That Alexandra is "often" mistaken for the defendant shows how important her presence at the bar really is.' MATT RUDD, THE SUNDAY TIMES MAGAZINE 'This is the story of a young woman who overcame all the obstacles a very old profession could throw at her, and she survived, with her integrity intact.' BENJAMIN ZEPHANIAH Alexandra Wilson was a teenager when her dear family friend Ayo was stabbed on his way home from football. Ayo's death changed Alexandra. She felt compelled to enter the legal profession in search of answers. As a junior criminal and family law barrister, Alexandra finds herself navigating a world and a set of rules designed by a privileged few. A world in which fellow barristers sigh with relief when a racist judge retires: 'I've got a black kid today and he would have had no hope'. In her debut book, *In Black and White*, Alexandra re-

creates the tense courtroom scenes, the heart-breaking meetings with teenage clients, and the moments of frustration and triumph that make up a young barrister's life.

Alexandra shows us how it feels to defend someone who hates the colour of your skin, or someone you suspect is guilty. We see what it is like for children coerced into county line drug deals and the damage that can be caused when we criminalise teenagers.

Alexandra's account of what she has witnessed as a young mixed-race barrister is in equal parts shocking, compelling, confounding and powerful. 'An inspirational, clear-eyed account of life as a junior barrister is made all the more exceptional by the determination, passion, humanity and drive of the author. Anyone interested in seeing how the law really works should read it.' SARAH LANGFORD 'The personal narrative of a young female lawyer of mixed heritage who is defying the soft bigotry of low expectations by sharing her journey inspires us all to do the same in our own way, and this is a powerful message which needs to be shared.' DR TUNDE OKEWALE MBE, FOUNDER OF URBAN LAWYERS 'A refreshingly honest account of the challenges faced by a young female barrister of mixed heritage' JUDY KHAN QC, JOINT HEAD OF GARDEN COURT CHAMBERS

**Let's Talk About Love** Feb 15 2020 For his 2007 critically acclaimed 33 1/3 series title, *Let's Talk About Love*, Carl

Wilson went on a quest to find his inner Céline Dion fan and explore how we define ourselves by what we call good and bad, what we love and what we hate. At once among the most widely beloved and most reviled and lampooned pop stars of the past few decades, Céline Dion's critics call her mawkish and overblown while millions of fans around the world adore her "huge pipes" and even bigger feelings. How can anyone say which side is right? This new, expanded edition goes even further, calling on thirteen prominent writers and musicians to respond to themes ranging from sentiment and kitsch to cultural capital and musical snobbery. The original text is followed by lively arguments and stories from Nick Hornby, Krist Novoselic, Ann Powers, Mary Gaitskill, James Franco, Sheila Heti and others. In a new afterword, Carl Wilson examines recent cultural changes in love and hate, including the impact of technology and social media on how taste works (or doesn't) in the 21st century.

Could anxiety be re-sewn, she asked, into a thing of beauty? So began a seven-year journey to find a more meaningful and helpful take on anxiety. Living out of two suitcases, Sarah travelled the world, meeting with His Holiness The Dalai Lama, with Oprah's life coach, with major mental health organizations and hundreds of others in a quest to unravel the knotted ball of wool that is the anxious condition. In this shimmering conversation (the outgrowth of an event co-sponsored by the American Museum of Natural History and Poets House), Edward O. Wilson, renowned scientist and proponent of "consilience" or the unity of knowledge, finds an ardent interlocutor in Robert Hass, whose credo as United States poet laureate was "imagination makes communities." As they explore the many ways that poetry and science enhance each other, they travel from anthills to ancient Egypt and to the heights and depths of human potential. A testament to how science and the arts can join forces to educate and inspire, this book is also a passionate plea for conservation of all the planet's species. Edward O. Wilson, a biologist, naturalist, and bestselling author, has received more than 100 awards from around the world, including the Pulitzer Prize. A professor emeritus at Harvard University, he lives in Lexington, Massachusetts. Robert Hass' poetry is rooted in the landscapes of his native northern California. He has been awarded the MacArthur "Genius" Fellowship, the National Book Critics Circle Award (twice), the Pulitzer Prize, and the National Book Award. He is a professor of English at University of California-Berkeley.  
Courageous Conversations Connect Aug 23 2020 I am deeply grateful that so many of you have found this book  
Courageous Conversations

Connect, helpful as you embark on your healing journey. I have learned over the many years of being a therapist as well as being a part of lived and shared experiences personally, professionally, relationally, familially and spiritually, that there are times in our lives when we all need to muster the courage to have difficult talks which I like to call Courageous Conversations. I believe that most times, we are fearful of having these conversations because we are unsure of the outcome and ultimately believe that it will lead to disconnection, cut-offs or loss. In my experience over the years, if we are courageous enough to have the conversation; the outcome more often than not, leads to us connecting with ourselves and the people who matter to us most. These conversations do not have to lead to despair, sadness or disappointment. As a matter a fact, they have the power to lead to quite the opposite; hopefulness, joy and contentment. Thus, the following can result from reading this book about how Courageous Conversations Connect. When Courageous Conversations Connect with ourselves, we emerge as better versions of "us" as a result of engaging in radical self-care. When Courageous Conversations Connect with our relationships, we emerge stronger by learning how to speak truth to power while not losing our humility in the process. When Courageous Conversations Connect with our spiritual selves during life's transitions, we emerge with a

more satisfied and fulfilled life by choosing to let go of the pain and turn it into power. When Courageous Conversations Connect with our intention, we emerge with the ability to reset our mindset; ready and excited to live our BEST Lives with promise, power, purpose and abundance. This is why I have chosen to call this book Courageous Conversations Connect and I am confident that reading it will make a difference in your life as well as in the relationships you value and treasure most. Enjoy your journey, one Courageous Conversation at a Time! Dr. Argie J. Allen Wilson, Ph.D.  
Wilson, Volume IV Nov 06 2021  
The fourth volume of Mr. Link's biography of Woodrow Wilson and the history of his times covers the period from autumn 1915 to spring 1916. Since this was a time of extreme domestic political controversy and recurring crises with Mexico and Germany, the volume has no single theme. Mr. Link describes fully the negotiation of the House-Grey memorandum and European reaction to it; the armed ship controversy; the Sussex crisis; and the events that nearly led to war with Mexico in 1916. Materials found in German, British, and French archives and manuscript collections are used, as well as from American sources. Originally published in 1964. The Art of Conversation Jun 13 2022 Recalling his role in the World War II sorties of the fabled Tuskegee Airmen. General Benjamin O. Davis Jr. describes it as a second front in the black aviators' war for dignity. In contrast to his bold decision-making as Secretary of Defense in the 1960s, Robert McNamara looks back on that era with regret, especially the misguided policies he had advanced during the Vietnam War. These are but two of the candid, deeply personal revelations in this collection of conversations from "dialogue," a weekly radio and television series from the Woodrow Wilson International Center for Scholars in Washington, D.C. "dialogue" is broadcast by about 150 U.S. radio stations, the MHz WORLDVIEW channel and MHz NETWORKS, National Public Radio Worldwide, the Armed Forces Radio Network, and the ichannel in Canada, reaching hundreds of thousands of listeners and viewers worldwide. Whether the guests are celebrities like Lee Hamilton, Bill Bradley, or Shelby Foote, or lesser-known scholars, poets, diplomats, officials, and authors, the

conversations are uniformly gripping and thoughtful. Presented as "conversations about ideas," the broad range of topics is emblematic of the scope of human endeavor in the arts, sciences, history, and culture. The twenty-four interviews selected for *The Art of Conversation* are favorites from among the 900 broadcast over the past twenty years. Guided by host George Liston Seay, the guests consistently display, he says, "the joy of people who take each other seriously." In solid, plainspoken fashion they demonstrate that there is an art of conversation and that even in this fragmented video age, it still flourishes.

Skinner agreed that the human capacity for change is both a product of genetic evolution and an evolutionary process in its own right. Yet, the paradigms of sociobiology and radical behaviorism went in very different directions. Paul Naour's insightful analysis of a taped conversation between Wilson and Skinner goes

beyond the historical significance of the conversation and helps to integrate the two paradigms for the future." -Carl Haywood writes: "The present question is whether evolution by natural selection is a useful set of concepts for the development of psychology. Naour's proposed confluence of radical behaviorism and sociobiology suggests not only that it is, but also that radical behaviorism shares with sociobiology a debt and an allegiance to Darwinism." [The Theatre of Robert Wilson](#) Oct 13 2019 The first comprehensive study of the leading American avant-garde theatre director Robert Wilson. **Edmund Wilson** Sep 23 2020 This comprehensive biography of prolific critic, essayist, historian, and novelist Edmund Wilson (1895-1972) posits, quite successfully, that the subject lived a life as romantic and chaotic as his friend F. Scott Fitzgerald's. Wilson suffered a nervous breakdown and the tragic death of his second wife (he was married four times, among them, Mary McCarthy); had affairs with numerous beautiful women, including Edna St. Vincent Millay; and was friend to literary giants such as John Dos Passos, Vladimir Nabakov, and W.H. Auden.
