The Nation City Dec 15 2019 At a time of anxiety about the effectiveness of our national government, Rahm Emanuel provides a clear vision, for both progressives and centrists, of how to get things done in America today—a bracing, optimistic vision of America's future from one of our most experienced and original political minds. In *The Nation City*, Rahm Emanuel, former two-term mayor of Chicago and White House Chief of Staff for President Barack Obama, offers a firsthand account of how cities, rather than the federal government, stand at the center of innovation and effective governance. Drawing on his own experiences in Chicago, and on his relationships with other mayors around America, Emanuel provides dozens of examples to show how cities are improving education, infrastructure, job conditions, and environmental policy at a local level. Emanuel argues that cities are the most ancient political institutions, dating back thousands of years and have reemerged as the nation-states of our time. He makes clear how mayors are accountable to their voters to a greater degree than any other elected officials and illuminates how progressives and centrists alike can best accomplish their goals by focusing their energies on local politics. *The Nation City* maps out a new, energizing, and hopeful way forward.

Modern Constitutional Law Apr 30 2021 Unlike other casebooks that typically seek to tackle the entirety of Constitutional Law and are organized from the perspective of the constitutional scholar—a top-down approach that encompasses (and even emphasizes) theoretical and philosophical perspectives and debates—*Modern Constitutional Law: Cases, Problems and Practice* focuses on key areas of constitutional law and is organized from the ground-up. Rather than assuming students will one day be making constitutional arguments before the U.S. Supreme Court (or teaching Constitutional Law), this book assumes students will more likely be making constitutional arguments before a state or federal trial court. And so it focuses on those areas of Constitutional Law that are likely to be relevant to the practice areas in which most law students will work after law school—small or solo firms that count individuals and small businesses as their clientele, or the offices of state agencies, district attorneys, or public defenders. New to the Second Edition: Updated with key First Amendment cases through the 2017–2018 Supreme Court term, including *Expressions Hair Design v. Schneiderman* and *Masterpiece Cakeshop v. Colorado Civil Rights Commission*. Includes commentary on controversial cases from the 2017–2018 Supreme Court term, including *Trump v. Hawaii*. Existing cases have been further edited to preserve the scope of the book while reducing its size. Additional supplemental cases are added to the online Professor Resources to allow professors to add coverage of most areas of constitutional law. Professors and students will benefit from: Narrower scope than other casebooks, the book is more manageable for 3- and 4- credit courses. A focus on doctrine rather than theory. Emphasis on modern and contemporary cases rather than historical ones (although landmark cases, such as *McCulloch v. Maryland*, *The Prize Cases*, and *Lochner v. New York*, to name a few, are also included). Coverage that focuses on the issues most relevant to the types of practice students will enter upon graduation, such as due process, equal protection, and First Amendment. Inclusion of cases from the lower federal and state courts, courts in which most students are most likely to one day find themselves litigating constitutional issues. Inclusion of a generous number of case excerpts to help students develop their ability to read legal texts closely and extract useful information, rather than, like many casebooks, relying on numerous Notes to cover the jurisprudence in a particular area. Each chapter includes one or more Problems to provide students opportunities to apply the doctrines learned. Each chapter includes one or more “Practice Perspectives” that present the facts, background, and resolution of actual constitutional law cases, challenging students to explain the results based on what they have learned in the chapter.

Unstable Constitutionalism Sep 04 2021 This book examines constitutional law and practice in five South Asian countries: India, Pakistan, Sri Lanka, Nepal, and Bangladesh.

Steve Emanuel's Bootcamp for the MBE Apr 11 2022 MBE Bootcamp: Constitutional Law will cover all the substantive rules of

law the MBE examiners test in the various subject areas. This outline removes the topics and rules of law that may have been important in your law school course but are not tested on the MBE and is specifically written for bar exam preparation. Each outline also includes 33 or 34 multiple choice questions extracted from the 200-Question Self-Assessment test with model answers.

Constitutional Law Nov 06 2021

An Introduction to the American Legal System, Government, and Constitutional Law Oct 25 2020 This new coursebook introduces students to the relationship among the American constitutional, governmental, and legal systems. With a clear and concise presentation, this book explores historical and contemporary events, judicial opinions, and constitutional provisions that demonstrate how the three systems accommodate social progress in an ever-changing and highly diverse nation. Perfect for LLM courses or even undergraduate classes, this book aims to teach students how to understand constitutional doctrines, brief judicial opinions, and how American history affects contemporary legal issues. Features: Clear and concise presentation and logical organization of material making it an excellent introductory book to the American legal system Inclusion of modern cases on relevant topics, such as same-sex marriage, legalization of marijuana, and homicidal laws affecting juveniles Chapter questions that facilitate basic legal analysis through hypotheticals, opinion briefing, and application of constitutional provisions Inclusion of important historical and political events, such as lawsuits brought against Presidents, congressional impeachment powers, the Electoral College System, the Supreme Court's resolution of voting issues, the Civil War and post Civil War constitutional amendments, the Civil Rights movement, presidential and congressional war powers, and Supreme Court opinions about Guantanamo Bay detainees

Modern Constitutional Law Mar 18 2020 Buy a new version of this Connected Casebook and receive access to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes--portability, meaningful feedback, and greater efficiency. This looseleaf version of the Connected Casebook does not come with a binder. Unlike other casebooks that typically seek to tackle the entirety of Constitutional Law and are organized from the perspective of the constitutional scholar--a top-down approach that encompasses (and even emphasizes) theoretical and philosophical perspectives and debates--Modern Constitutional Law: Cases, Problems and Practice focuses on key areas of constitutional law and is organized from the ground-up. Rather than assuming students will one day be making constitutional arguments before the U.S. Supreme Court (or teaching Constitutional Law), this book assumes students will more likely be making constitutional arguments before a state or federal trial court. Siegel's Constitutional Law Mar 30 2021

Ideas with Consequences May 20 2020 Many of these questions--including the powers of the federal government, the individual right to bear arms, and the parameters of corporate political speech--had long been considered settled. But the Federalist Society was able to upend the existing conventional wisdom, promoting constitutional theories that had previously been dismissed as ludicrously radical. Hollis-Brusky argues that the Federalist Society offers several of the crucial ingredients needed to accomplish this constitutional revolution. It serves as a credentialing institution for conservative lawyers and judges, legitimizes novel interpretations of the constitution through a conservative framework, and provides a judicial audience of like-minded peers, which prevents the well-documented phenomenon of conservative judges turning moderate after years on the bench. Through these functions, it is able to exercise enormous influence on important cases at every level.

Open Book Jan 16 2020 Open Book: The Inside Track to Law School Success, 2E is a book that every JD and LLM law student needs to read, either before classes start or as they get going in their 1L year. Now in an expanded second edition, the book explains in a clear and easygoing, conversational manner what law professors expect from their students both in classes and exams. The authors, award-winning teachers with a wealth of classroom experience, give students an inside look at law school by explaining how, despite appearances to the contrary, classes connect to exams and exams connect to the practice of law. Open Book introduces them to the basic structure of our legal system and to the distinctive features of legal reasoning. To prepare students for exams, the book explains in clear and careful detail what exams are designed to test. It then devotes a single, clearly written chapter to each step of the process of answering exams. It also contains a wealth of material, both in the book and digitally, on preparing for exams. Finally, and perhaps most importantly, Open Book comes with a free suite of 18 actual law school exams in Civil Procedure, Constitutional Law, Contracts, Criminal Law, Property and Torts, written and administered by law professors. These exams include not only questions, but: (1) annotations from the professors explaining what they were looking for; (2) model answers written by the professors themselves; and (3) actual student answers, with professor comments that explain why certain answers were stronger or weaker. As Open Book explains, there is no better way to prepare for exams than by practicing, and these unique materials will enable students to get the most out of their pre-exam practice.

CrunchTime lets you practice your essay exam skills as well. Exams Tips based on hundreds of past law school and bar exam questions recap the legal issues commonly tested. CrunchTime study aids structure the maximum amount of information you can learn in the last week before exams. Developed for students by a Harvard law student (while he was in law school), Emanuel CrunchTime titles provide the trusted guidance of Emanuel Law Outlines in a tighter, briefer format for quick review at exam time. Flow Charts walk you through a series of yes/no questions that can be used to analyze any question on the exam. The Capsule Summary allows you to quickly review key concepts. You can test your knowledge by working through the ample Short-Answer QandA s, which are organized by topic. Exams Tips often based on hundreds of past law school and bar exam questions recap the legal issues commonly tested on exams for you. They explore fact patterns typically used to test those issues. CrunchTime allows you to practice your essay exam skills by answering questions asked on past exams. Flowcharts help you craft compelling essays, and you can compare your answers to the samples provided. CrunchTime aids structure the maximum amount of information you can learn in the last week before exams. Uniform in writing style and approach, you can be confident that any title in the series is of consistent quality. Every title is frequently updated and reviewed against new developments and recent cases covered in the leading casebooks.
