Animal lovers will laugh out loud at the quirkiness of their feline friends with these insightful and curious poems from the singular minds of funny cats. In this hilarious, bestselling book of tongue-in-cheek poetry. The author of the internationally syndicated comic strip *Sally Forth* helps cats unlock their creative potential and explain their odd behavior to ignorant humans. With titles like "Who Is That on Your Lap?," "This Is My Chair," "Kneel Before Me," "Nudge," and "Some of My Best Friends Are Dogs," the poems collected in *I Could Pee on This* perfectly capture the inner workings of the cat psyche. With photos of the cat "authors" throughout, this whimsical animal book reveals kitties at their wackiest, and most exasperating (but always lovable). Ideal for that "crazy cat lady" or "cat mom/dad" in your life this collection of poems makes for the perfect cat-themed gift for anyone who's obsessed with our feline friends. "Whitney Cummings has written a book about being, well, not fine—and what to do when you find yourself with brutal anxiety and a co-dependency disorder; all in her trademark wit, humor, and honesty. This book, however, is fine as hell."—Sophia Amoruso, author of *#Girlboss* "The funniest cry for help you'll read this year."—BJ Novak Well, well, well. Look at you, ogling my book page...I presume if you're reading this it means you either need more encouragement to buy it or we used to date and you're trying to figure out if you should sue me or not. Here are all the stories and mistakes I've made that were way too embarrassing to tell on stage in front of an actual audience; but thanks to not-so-modern technology, you can read about them here so I don't have to risk having your judgmental eye contact crush my self-esteem. This book contains some delicious *schadenfreude* in which I recall such humiliating debacles as breaking my shoulder while trying to impress a guy, coming very close to spending my life in a Guatemalan prison, and having my lacerated ear sewn back on by a deaf guy after losing it in a torrid love affair. In addition to hoarding mortifying situations that'll make you feel way better about your choices, I've also accumulated a lot of knowledge from therapists, psychotherapists, and psychopaths, which can probably help you avoid making the same mistakes

I've made. Think of this book as everything you'd want from the Internet all in one place, except without the constant distractions of ads, online shopping, and porn. I'm not sure what else to say to say, except that you should buy it if you want to laugh and learn how to stop being crazy. And if we used to date, see you in court. We live in a world where smart fridges are more articulate than most politicians, where the leaders of two nuclear powers engage in a battle of elementary school wits, and where every fact can be dismissed as fake news. Sometimes it seems like the only humor left is tinged with bitterness and despair. Robert Isenberg doesn't believe that's true. He knows it's possible to find humor-true humor-everywhere. Why is it that a politician's choice of food makes or breaks his or her career, and why should we care? How important is it to attend a funeral if it means canceling your regular Sunday tennis game? What drives a man's suspicions of yoga, and perhaps more importantly, why are wives so determined to overcome such reservations? Robert, aka "robear," has two wives. Esther is his real-life wife. Esther doesn't want to have anything to do with his imaginary wife, Dana, who is featured in his essays. Robert created Dana to do and say what he wants, but Dana says and does whatever pleases Dana. Isenberg is an affable guy-the kind of man who tries to get along with automated help systems. From his obsession with "As seen on TV!" products to his exploration of the differences between the sexes, he's instantly recognizable to readers. We all have a Robert Isenberg in our life, and that's a good thing-because we need to laugh. Judge this book by its cover! We all have a Robert Isenberg in our lives. He's the one who sees things a little differently than the rest of us. He's the one who makes you laugh when he tells you what he's thinking. Robert actually asserts that elections are won and lost once the public discovers what the candidates are eating. He insists that had Hillary Clinton had said, "Hold the kale and bring on the iceberg," she would definitely have won by a landslide! Robert is also sure that thousand island as opposed to French vinaigrette would have won more votes. Although Isenberg tries to get along with Robots on the phone, he's embarrassed to admit that they inevitably get the better of him. And speaking of being embarrassed Isenberg's wife Dana had instructed him to pick up two packages of toilet paper at Costco each consisting of thirty-six rolls, he can only guess what people would think if he placed seventy-two rolls of loose toilet paper in his cart. Another essay begins with Robert being perplexed about the word 'perplexed', especially when his cardiologist is "perplexed" about what is physically wrong with Robert. While he is watching a football game, he often wonders why he learns more about mattresses and why he needs a new one, than what's happening with the football game. He has similar issues with the ads in his face while watching the Red Sox. On top of which he asks himself, "Why should I give one damn that a bunch of strangers win or lose?" He even goes on and asks himself, "Has one of them ever come to my office to see how I'm doing?" If they lose he goes to bed sad that they lost, but even sadder that he feels sad. All in all, **JUDGE THIS BOOK BY ITS COVER!** You will be rewarded with true belly laughs, many smiles and the wonderful feeling of "I know where Isenberg is, cause I've been there too." Isenberg also wants you to read about his lovely and amazing sister who was a teacher for fifteen- years, but had to be taught the art of cussing by her friend the school's librarian. There is also story in this collection called Brother's. I was born the youngest of seven. I don't think that any of my siblings were celebrating my birth. Least of all was brother David, who up till my birth had been dotted upon by the older ones. He don't exactly welcome me. There is also an essay re David's friend Butchy AKA Sonny who on his death bed snared at me as he handed me a note that said, "I did and you didn't!" Robert hasn't mentioned the piece called, "Harvey's Mother's Funeral and the Sunday Morning Tennis Game," I'll leave up to you readers to supp The king of the golden river, or The black brothers / [by John Ruskin] -- The heroic life and exploits of Siegfried the dragon-slayer (an old German story) -- The good-natured bear, a tale / by R.H. Horne -- The story without an end / [by F.W. Carové] ; translated from the German by Sarah Austin -- The glow-worm -- Sir Calidore -- The Pied Piper of Hamelin / by Robert Browning. Thirty popular expressions such as "straight from the horse's mouth" and "white elephant" are amusingly explained and illustrated. Today's pregnancy books may no longer recommend martinis and cigarettes to help pregnant women relax, but most offer moms to be a ton of worthless information—like what kind of fruit your baby is the size of at Week 16. Is there any practical value in knowing that your child resembles produce? And where's the good stuff—the useful details, like beware of the baby registry and all the crap you will never use, or be prepared to get breast milk all over everything you own? Hilarious, candid, and easy to read, *Funny Little Pregnant Things* is full of helpful information about all the stuff people don't tell you about pregnancy—the good, the bad, and the ugly. "We didn't realize it at the time, but we were witnesses to the 'keyboard W scandal'. As you might remember, the new administration discovered vandalism and that the Ws had been removed on their computer keyboards. There was an investigation to find out who did it. It wasn't us." "This mission was to take President Nixon's car and support equipment to Shannon Ireland. This was not only my first flight as a copilot, but my first trip to Europe as well. It was fabulous." "The C-141 had one of the most amazing views in aviation. As I sat in the pilot's seat I had a 180-degree view out the front of the aircraft. Huge picture windows all around showed me unbelievable sights. We would glide over European cities at night seeing the white lights of the buildings and the orange lights of the super highways." - From "Autobiography - And Other Funny Stories", a book chronicling the interesting life of Charles Huettner. With humor, intrigue, and a deep appreciation for the hand of God in his life, Charles writes about his 33 years serving in the USAF, the FAA, NASA, and working in the White House. During his career, he transformed airline pilot training, paved the way for civilian

use of GPS, and held the position of Aviation Advisor at the White House on 9/11. Charles has performed an emergency landing in a T-37 jet, flown a hot air balloon over Atlanta Hartsfield Airport during rush hour, experienced the transition between the Clinton and Bush Administrations in the White House, and toured the world with astronaut Buzz Aldrin, astrophysicist Neil deGrasse Tyson, and former Congressman Bob Walker. Read the inspiring autobiography of Charles Huettner. Do you love watching funny videos on youtube and other funny video entertainment and humor websites ?
