News flash: Your body already knows how to detox; you just need to turn on the right cues to make it happen. Here's how, with a 14-day plan that will change your life forever. Time to detox and cleanse? Don't go with a fad diet that makes promises you can't keep (all juice, all the time—sound familiar?). Instead, turn to Samantha Heller for a program that really works. Cleanses, detoxes, and other purifying practices have been around for hundreds of years, from fasting to juicing and everything in between. Not all of them are tried-and-true, and most aren't scientifically sound. But finally, here it is: the only cleanse you'll ever need. The Only Cleanse is uniquely designed to fully integrate, elevate, and reestablish the body's biochemical balance. Heller uses a five-pronged approach that covers diet, stress, emotions, exercise, and sleep. She also reviews existing detox plans and explains the pros and cons, further emphasizing why her plan is the only one you need.

An interdisciplinary framework for sustainable helping through cross-system collaboration This hands-on resource provides clear, practical guidance for supportive service professionals working in a home-based environment. Drawing on best practices from a range of disciplines, this book provides a clear map for dealing with the complex and often ambiguous situations that arise with individuals and families, with applications extending to supervision and organizational change. Readers gain the advice and insight of real-world frontline helpers, as well as those who receive care, highlighting new ways to approach the work and re-think previous conceptualizations of problems and strengths. Helping efforts are organized around a shared, forward-thinking vision that anticipates obstacles and draws on existing and potential supports in developing a collaborative plan of action. The book begins with stories that illustrate core concepts and context, presenting a number of useful ideas that can reorient behavioral services while outlining a principle-based practice framework to help workers stay grounded and focused. Problems are addressed, and strength-based work is expanded into richer conversations about strengths in the context of intention and purpose, value and belief, hopes, dreams, and commitments. Topics include: Contextual guidance with helping maps Engaging people and re-thinking problems and strengths Dilemmas in home and community services Sustainable helping through collaboration and support A strong collaboration between natural networks, communities, and

trained professionals across systems creates an effective helping endeavor. Ensuring sustainability may involve promoting systems change, and building institutional supports for specific supervisory, management, and organizational practices. Collaborative Helping provides a framework for organizing these efforts into a coherent whole, serving the needs of supportive services workers across sectors. Terrible events are very hard to deal with and those who go through a trauma often feel permanently changed by it. Grief, numbness, anger, anxiety and shame are all very common emotional reactions to traumatic incidents such as an accident or death of a loved one, and ongoing traumatic events such as domestic abuse. How we deal with the aftermath of trauma and our own emotional response can determine how quickly we are able to 'move on' and get back to 'normality' once more. An integral part of the recovery process is not only recognising and accepting how our lives may have been changed but also learning to deal with feelings of shame - an extremely common reaction to trauma. 'Recovering from Trauma' uses the groundbreaking Compassion Focused Therapy to help the reader to not only develop a fuller understanding of how we react to trauma, but also to deal with any feelings of shame and start to overcome any trauma-related difficulties. How can I live a victorious life? How do I walk in power? Who among us does not desire to live a victorious life? These classic and inspiring messages will help you walk in the victory that is yours in Christ Jesus. These addresses were given by J. Oswald Sanders at seven of the New Zealand Keswick Conventions. The message of Keswick is the message of the New Testament, and wherever that message is given in the power of the Spirit, life more abundant always results. Having himself experienced the liberation and transformation which such teaching brings to every believing soul, the author earnestly prays that these pages may be used by Him whom they seek to honor, in leading some who read them, into the full enjoyment of the blessed life.
