The Art of Double Bass Playing Oct 17 2022 The Art of Double Bass Playing is the result of a collaboration between Warren Benfield, an outstanding bassist/teacher and James Seay Dean, Jr., Associate Professor of English at the University of Wisconsin-Parkside, a skilled writer/editor. Warren Benfield started his professional career in 1934 as the youngest member of the Minneapolis Symphony. Moving on to the St. Louis Symphony as principal bass and then to the Philadelphia Orchestra as co-principal bass, he joined the Chicago Symphony in 1949 where he remained until his retirement in 1987. Benfield has always been dedicated to teaching, and during his years with the Chicago Symphony Orchestra, he was on the faculties of Northwestern University and DePaul University. He has also given many master classes and lectures, including two in China. Since retiring, he is continuing to teach a few students at the American Conservatory and at Chicago's Merit School for underprivileged children, which focuses on the arts. Benfield's particular aim is to teach the approach of the double bass from a musical, as well as a technical standpoint.

Big Book of Bass Feb 26 2021 The bible of bass fishing Ounce for ounce, no North American gamefish offers more excitement for anglers than bass. Any angler who has landed a feisty, ferocious two-pounder after 30 minutes of play remains hooked for life. No wonder 19.5 million anglers regularly fish for bass in the U.S., Canada, and central America. Bass fishing is now so popular that bass-catching tournaments have become a leading spectator sport across the continent, with top bass fishermen rivaling NASCAR drivers in the loyalty of their followers. With this impressive collection of up-to-date information, novice as well as experienced anglers will learn everything they need to know to catch both largemouth and smallmouth bass. Readers will find in-depth coverage of bass biology and behavior, with clear, concise text and more than 1,000 step-by-step photos. And the book shows the very latest innovations in lures and tackle suitable for catching trophy bass. Sections include: • Information on bass biology & habitat tips • Complete presentation of equipment—rods, reels, lines, boats • Techniques for soft plastics, jigging, plugs, spinnerbaits

Sam Bass Nov 18 2022 The story of Sam Bass, both outlaw and romantic figure, has become a familiar part of Texas folklore and is well documented in nonfiction. But in this novel, Bryan Woolley creates a compelling story by giving the antihero fictional life. Woolley brings Bass alive through six alternating voices--Maude, the whore who was Bass's lover; Mary Matson, the African American who took him in and tended him as he lay dying; Dad Egan, the lawman who was once a father-figure to young Sam Bass but feels compelled to capture the outlaw; Frank Johnson, who rode with Bass but left the outlaw life to reappear as a small-town doctor; and Jim Murphy, the well-meaning saloonkeeper who makes a bargain with the law and brings down Sam Bass. In shaping the Bass story, Woolley explores the themes of youth and age, impulse and wisdom. An outlaw, for many of us, is not a villain or a criminal but someone who, by choice or circumstance, finds himself at odds with society. We see the outlaw life as one of carefree freedom without responsibilities and full of infinite possibilities. Frank Jackson says it best as he recalls riding with Sam Bass: "I felt like an outlaw but not like a criminal, and the beauty of the day and its freedom filled me."

The Jossey-Bass Reader on School Reform Nov 06 2021 From the student teacher interested in educational policy to the new school board member dedicated to school improvement, this distinctive reader is for anyone who cares about innovation and change in the nation's schools. The Jossey-Bass Readers on School Reform offers a definitive collection of articles, book excerpts, and seminal reports on educational reform and its many challenges. Containing selected commission reports and other public documents that signal important shifts in the policy arena, you'll listen in as expert contributors debate controversial issues such as school choice, desegregation, bilingual education, school finance, and student needs, offering diverse policy perspectives and giving readers a rich and seasoned view of the reform landscape. You'll also gain insight into issues of school governance and organization and examine how reforms in teaching, testing, curriculum, and standards are changing classrooms, schools, and the profession of teaching. Grounded in scholarship and filled with wisdom, The Jossey-Bass Reader on School Reform is a comprehensive introduction to the complexities of educational change and what we can do to make reform lasting and meaningful.
