Kinky in the Digital Age Dec 15 2019 "It was a warm summer's day and the central London streets were bustling with excitement. A sea of people were competing to secure a place where they could watch the Pride march walk past. The audience was diverse, with people of all ages, genders, sexualities and ethnicities, supporting a range of colorful and flamboyant outfits. Having noticed London Pride becoming better attended over the last few years, a group of us arrived early in our usual spot near Pall Mall, which both provided a good view and afforded some shade. There was music blasting out, people were shouting and singing, whistles were blowing, and there were positive and happy vibes all-round. It was before noon, and many people had already started drinking at least somewhat responsibly"--

But at St Severine's, she is about to meet her match. ~~~~~ PG Excerpt ~~~~~ A horse-drawn carriage waited for me, and I was to sit alone inside of it - I was under strict orders to refrain from conversing with the coachman. My mother and father looked at me, the harsh expressions of last night melting away as they realized that this was happening - at eighteen years old, their precious daughter was being sent away. One last time, I decided to ask the question that they'd seemed uncomfortable with answering. "Where am I going?" My father heaved a sigh as the coachman came to retrieve my suitcase and put it in the boot of the carriage. Seeing as there was no turning back now, he decided to explain my fate to me, for which I was immensely thankful. "We're sending you to Saint Severine's School for Turbulent Young Ladies. You'll attend for three years, after which the faculty will send you back home to us. If you work hard enough, you might be able to come back even earlier." He explained, his eyebrows furrowing in a guilty fashion that made me somewhat nervous. "What am I going to learn there?" My father looked down at his feet briefly, before shifting his gaze over to my mother. She bit her lip worriedly as she looked at me - I knew that this school was not going to be a pleasant experience for me, and the fact that my parents deemed it acceptable to send me there was infuriating. I frowned, muttering my goodbyes. My parents saw me off with as much empathy and emotion as they could muster, and I climbed into the carriage with the utmost reluctance. The coachman took his seat at the front of the carriage, and suddenly, we were off. I closed my eyes, willing myself to sleep - I knew that this ride was going to be a long one.

Institutionalised Apr 18 2020 Two unrelated young women coincidentally find themselves in similar circumstances; each having an inheritance at stake with a grasping manipulative stepmother holding the purse-strings. Both girls have found an ally in a supportive, if overbearing, 'aunt' figure but find themselves lovingly guided into a stifling and increasingly dependent relationship. An advertisement calling for medical research volunteers seems to offer an ideal opportunity for each

to temporarily distance herself from her situation. But is all as it seems? Why is the security so tight? Why are there bars on the windows? Why all the petty rules, restrictions and talk of punishment? Volume 1 of this adults-only trilogy uniquely ties together such themes as corporal punishment, bondage, humiliation, medical fetish, mind control, incarceration and others. 122,000 words. Of Human Bondage Sep 16 2022 Desperate for love and eager for experience of a wider world, Philip Carey grows up in the oppressive confines of his uncle's vicarage. The sensitive orphan is burdened by a club foot that sets him apart from his schoolmates and heightens his loneliness. Seeking passion and inspiration, he pursues his dreams of becoming an artist in Heidelberg and Paris but returns to London, humbled by his own mediocrity. But Philip's degradation has only just begun, as an obsession with a vulgar, cold-hearted waitress threatens to destroy what remains of his idealism. Like his protagonist's physical deformity, W. Somerset Maugham's homosexuality was a constant source of anxiety, alienation, and shame. He termed his masterpiece "not an autobiography, but an autobiographical novel; fact and fiction are inexorably mingled; the emotions are my own." By combining residual Victorian values with the early twentieth century's mood of irony and despair, Maugham offers a timeless view of emotional isolation and the possibility of redemption through self-knowledge and maturity.

The Erotic Adventures of a Victorian Doctor: Stepsister's Same Sex Sadism Feb 09 2022 When Doctor Damian Thatch's sadism is extended to his stepsister, Edith, in a taboo encounter on her visit to his London consulting room, it awakens her desire to treat her maid in a similar manner. Edith's maid, Annie, while otherwise

excellent in carrying out her duties, is ill tempered and disrespectful, so Damian has Edith bring her to him for a consultation. His suggested cure for such behavior in a maid is spanking and birching, which he demonstrates to his enthusiastic stepsister. Edith takes particular delight in the control she has over Annie when she strips her maid for punishment, but she soon realizes that she wants more. Rather than simply punish her maid, Edith wants to take her as a man might. But the only female body she has ever touched has been her own, and what if Annie resists such treatment from her mistress? Annie senses the sadistic urges developing in her mistress, and is afraid that Edith will be severe in delivering punishments. She appeals to Damian for a medical solution to help control her behavior, but a maid cannot afford the services of a London physician. Damian, however, tells her of an alternative form of treatment that a mistress might perform on her maid, setting up Edith's first time lesbian encounter with Annie bound and spread on Damian's consulting couch. This is an adult only work of Victorian erotica fiction involving bondage, spanking, buggering, sadism, masochism (BDSM), and first time lesbianism

Sadopaideia Oct 17 2022 Cecil meets Mrs Harcourt. Cecil has a problem: Mrs Harcourt likes beating Cecil's bottom with a bamboo cane. This spankingly fun piece of wickedness, anonymously written in 1907, tells the story of Cecil Prendergast's journey from submission to domination under the unexpectedly expert tutelage of Mrs Muriel Harcourt and her circle of adventurous young women. The work is a classic story of Sado Masochism at the heart of high-society England, set in an era of English history where birching and corporal punishment were freely exercised, and those daring enough were free to experiment with a rediscovered passion for libertinage. A once-banned classic of post-Victorian erotica, this book contains graphic descriptions of a "physical" nature.

Feversham, the founder of Feversham's Academy of Young Women's Correctional Education. His offer astounds her. If she completes his rehabilitation regimen she will be released and her criminal record expunged; the only requirement is that she obey him without question. She eagerly accepts his terms, but she has no intention of being rehabilitated. Escape from a man as naive as the Professor should be easy, and once free she can disappear into the London slums. [Dark Archives](#) Jan 08 2022 On bookshelves around the world, surrounded by ordinary books bound in paper and leather, rest other volumes of a distinctly strange and grisly sort: those bound in human skin. Would you know one if you held it in your hand? In *Dark Archives*, Megan Rosenbloom seeks out the historic and scientific truths behind anthropodermic bibliopegy—the practice of binding books in this most intimate covering. Dozens of such books live on in the world's most famous libraries and museums. *Dark Archives* exhumes their origins and brings to life the doctors, murderers, and indigents whose lives are sewn together in this disquieting collection. Along the way, Rosenbloom tells the story of how her team of scientists, curators, and librarians test rumored anthropodermic books, untangling the myths around their creation and reckoning with the ethics of their

custodianship. A librarian and journalist, Rosenbloom is a member of The Order of the Good Death and a cofounder of their Death Salon, a community that encourages conversations, scholarship, and art about mortality and mourning. In *Dark Archives*—captivating and macabre in all the right ways—she has crafted a narrative that is equal parts detective work, academic intrigue, history, and medical curiosity: a book as rare and thrilling as its subject.

Medical Rape Dec 27 2020 Description From age 17 German young men, no matter if they enlist or are conscripted to serve their country, are legally obliged to subject themselves to repeated, humiliating medical examinations carried out mainly by female staff. Military regulations and old perverted habits demand they strip, present testicles, pull foreskin back, turn, bend forward and spread their buttocks for inspection. What once was seen as a suitable induction to Hitler's tyrannical army and conducted by medics of dubious repute has today, 65 years later, been turned into a bizarre manifestation of 'gender equality' at work.... Mental suffering due to these abusive 'health' interventions is widespread throughout the country, but nobody accepts responsibility. Even medical boards are silent and pass the buck. 'So is the law.' 'We just follow orders and regulations.' Last time such

excuses were heard on a broader scale was in Nuremberg. MUSTERUNG discloses a huge state-sanctioned, sadomasochistic scandal which until now only has been protected by its status as taboo. About the Author Lars G Petersson is a 58 year old Swedish-born Londoner, activist and free-lance writer with special interest in peace, mental health, social justice and human rights. He is the author of a large number of articles and three books: DESERTERS (Danish Resistance Museum Publishing, 2005), ABUSE UK (Chipmunkapublishing, 2010) and MUSTERUNG (Chipmunkapublishing 2010). Trained as a nurse - specialising in mental health, social issues and addiction - Lars G Petersson has persistently used his insider knowledge to disclose matters otherwise hidden from public scrutiny. In a number of cases this has led to serious public debate and major improvements for vulnerable people. In one case criticism of serious maltreatment of (non criminal) Iran/Iraq war deserters in a Copenhagen prison (Amnesty International Report 1991) led to significant improvements in the treatment of refugees in Denmark. In another, Petersson's disclosures from a psychiatric unit under the Danish Ministry of Defence led to major reforms in military 'training methods' of recruits. As a conscripted soldier Lars G Petersson served in the Swedish air forces. He has gathered extensive knowledge about German politics and society ever since the early seventies when he worked as a massage therapist in the state of Hesse.

Innocence Examined Jan 20 2023 Sir Gerald is having great difficulties with Caroline, his eighteen-year-old ward. He has always been a doting guardian, shielding young Caroline from the truth about the differences between men and women and what they do behind closed doors. But now Caroline has become much too curious for her own good, to the point where he must bring himself to punish her repeatedly for hiding in closets in an attempt to witness the pleasures he takes with his mistress. At his wit's end, Sir Gerald calls upon the services of Dr. Reginald Brown and his colleague Dr. James Fairleigh. After a thorough, intimate examination, the physicians decide that since Caroline is of age, it would be appropriate for her to become acquainted with the pleasures a man can bring a woman. Instead of marrying her off to someone who won't give her the freedom Sir Gerald can afford, the men decide that Dr. Fairleigh will personally oversee young Caroline's erotic education. After Caroline is made to observe Sir Gerald's couplings for the first time, however, her wide-eyed innocence stirs Dr. Fairleigh far more than he thought possible. When she implores him to take care of her, the young doctor finds himself promising that he will. Before he knows it, she has utterly claimed his heart, and he can't imagine her being given to anyone else. But can he rescue Caroline from Sir Gerald's plans for her before it is too late?

Shared by the Doctors Feb 15 2020 Dr. Amy Wenders has spent years studying time travel, but it still comes as a shock when a mishap in her research facility

sends her back to the Victorian era. To make matters worse, she arrives on the doorstep of Andrew Chambers and Richard Stevenson, two physicians who run a clinic devoted to the practice of corrective therapy for naughty young women, and the strict, handsome doctors mistake her for a new patient in need of treatment. Amy's defiant protests merely earn her a painful, embarrassing spanking, and she is informed that if she is going to behave like a child she will be treated like one. Her shame increases when the two gentlemen bring her before a dozen of their colleagues, where she is stripped bare, cleansed thoroughly, and then brought to a blushing climax in front of the entire group. In spite of her shame at being punished and displayed in such a humiliating manner, Amy cannot deny her body's response to Andrew and Richard's stern, skillful dominance, and when they take her in their arms and claim her completely she is left more satisfied than she could have ever imagined. But when they decide to make her their shared bride, will she abandon her efforts to return to her own time and embrace her new life as their little girl? Publisher's Note: Shared by the Doctors includes spankings, sexual scenes, and elements of age play. If such material offends you, please don't buy this book.

Spanking Selena Nov 18 2022 At St Severine's School for Turbulent Girls, young ladies between the ages of eighteen and twenty-one are sent receive the discipline they so desperately require... Selena is eighteen, and is already wed. But she is simply too shy to perform her wifely duties. In frustration, her husband sends her to St Severine's. ~~~~~ PG Excerpt ~~~~~ Upon entering the building itself, my eyes were instantly assaulted by the absolute perversion of it all. The halls were flooded with girls like Elizabeth - girls with ample chests, girls who wore their skirts far too high, girls whose brassieres were visible through their small blouses. It was too much for my delicate sensibilities - I had to avert my eyes. Elizabeth giggled, noticing my obvious discomfort. She led me up a flight of stairs, and I marveled at the fact that even though she was naught three steps ahead of me, I could still catch glimpses of her panties. It seemed wrong, somehow. "Don't worry, Selena. You'll get used to the way things work around her in no time!" She insisted, though I wasn't exactly inclined to believe her. "The uniforms are a bit unique, sure - and so are the punishments. But it's really a lovely school, trust me on that. You're sure to have a fulfilling experience here!" Elizabeth chattered away about how lovely St. Severine's was, but my brain was still stuck on that one word - punishment. So this boarding school had unique punishments, so unique that Elizabeth felt they were worthy of mention? In most schools, you had to write lines, complete extra work...or, in the worst cases, your hands were slapping with a ruler.

Birching His Bride Jan 16 2020 Lady Eleanor Petersham knows exactly what she wants from her marriage - a man who will worship at her feet. Instead, her father marries her off to her brother's best friend, the devastatingly handsome, authoritative, and devilishly dominant Lord Edwin Hyde. It doesn't matter that he makes her entire body tingle when he kisses her, or brings her to heights of pleasure she's never known, or how he disciplines her when she plays nasty tricks on him - like throwing a dinner party which only includes dishes with ingredients he despises - she's not willing to give up on her version of marriage without a fight. Pain and pleasure struggle for dominance the same way husband and wife do in this relationship. *Birching His Bride* is approximately 52,000 words and is NOT a standalone - it is an introduction to the DDQ world and Edwin and Eleanor's story. The Babysitters Sep 23 2020 Vinton was a young boy failing his classes at school and as a punishment, his mother put him in diapers and instituted babying until he improved. But what really makes the story are the four girls from his school who are selected as his babysitters and how they all interact. What commences as a

nightmare becomes a learning exercise and a time of discovery of one of the forgotten joys of being little - diapers and being cared for as a baby. It is a delightful tale of a world where a mother could care enough to take seemingly draconian steps but with an unexpected and wonderful outcome for them all.

Her Doctor in Charge Nov 06 2021 Voted Best Medical BDSM Romance of 2015 on Spanking Romance Reviews It doesn't take long for Dr. Daniel Dupont to come up with a diagnosis and treatment plan for his new patient, the beautiful Lady Sybil Sinclair. The free-spirited daughter of the aristocracy has been drinking and partying too much while eating and sleeping too little, and in his best medical judgment what she needs is a good, hard, bare-bottom spanking. Not only is Daniel a man who enjoys a challenge, he also finds the petulant young miss quite appealing, so he casts professional decorum aside and makes it clear to Sybil that if she wants him as her doctor, she will be expected to submit to the spanking she deserves. Sybil nervously agrees, and Daniel soon realizes that the appropriate course of treatment for her will require much more than just a properly reddened backside. What his headstrong patient needs is a man bold enough to take her in hand and dominate her completely. Soon enough Sybil finds herself shamefully on display on the handsome doctor's examination table, her well-spanked bare bottom fully exposed and her cheeks burning with humiliation as her temperature is taken the old-fashioned way. Daniel's thorough exploration of her most intimate charms leaves her trembling with desire, and she begins to wonder if he might be the man she's been hoping for. As he gets to know her better, Daniel quickly recognizes that there is much more to Sybil than just a silly girl who likes to party, and his passion for her only grows deeper when he learns the truth about her past and the price she has had to pay to follow her dreams. But when it comes to light that the men Sybil works for are far more dangerous than either of them could have imagined, will Daniel be prepared to stay by her side no matter the risk? Publisher's Note: *Her Doctor in Charge* is an erotic romance novel that includes spankings, sexual

Training the Maid Oct 05 2021 Camryn owed her life to the Suttons for getting her off the streets and giving her a job even if it was as their maid, so when Alex took her to the dungeon for some kinky fun she was more than happy to oblige, but when the cane came out and her limits tested, she was faced with a choice. Accept it with grace and dignity, or give up pleasuring the Suttons for good.

Hurts So Good Apr 30 2021 An exploration of why people all over the world love to engage in pain on purpose--from dominatrices, religious ascetics, and ultramarathoners to ballerinas, icy ocean bathers, and sideshow performers. Masochism is sexy, human, reviled, worshipped, and can be delightfully bizarre. Deliberate and consensual pain has been with us for millennia, encompassing everyone from Black Plague flagellants to ballerinas dancing on broken bones to competitive eaters choking down hot peppers while they cry. Masochism is a part of us. It lives inside workaholics, tattoo enthusiasts, and all manner of garden variety pain-seekers. At its core, masochism is about feeling bad, then better—a phenomenon that is long overdue for a heartfelt and hilarious investigation. And Leigh Cowart would know: they are not just a researcher and science writer—they're an inveterate, high-sensation seeking masochist. And they have a few questions: Why do people engage in masochism? What are the benefits and the costs? And what does masochism have to say about the human experience? By participating in many of these activities themselves, and through conversations with psychologists, fellow scientists, and people who seek pain for pleasure, Cowart unveils how our minds and bodies find meaning and relief in pain—a quirk in our programming that drives discipline and innovation even as it threatens to swallow us whole.

Pornographies Jun 20 2020 Pornography is no longer considered to be a single, homogenous 'thing'. Nor are debates about pornography limited to the reductive anti-porn versus anti-censorship controversies of the mid-twentieth century. Whether we like it or not, pornography today is out in the open, from the ubiquity of porn produced and consumed via the Internet to the mainstreaming of porn aesthetics and practices into mass media and everyday life. Pornography is therefore of central concern to social scientific, arts and humanities research that focuses on sexual freedoms and oppressions, empowerment, gender, feminism and postfeminism, queer identities, normative and non-normative bodies, politics and more. This book conceives of pornographies in the plural and its twelve chapters engage directly with porn across a range of media and from a variety of critical perspectives. From the conceptual importance of pornography in the feminist 'sex wars' to porn produced for female and/or queer sexual pleasure, via examinations of vaginal performance artists, fetish clinics, sexperts, amputee porn, barebacking, tattoos and Japanese erotica, this book illuminates the many ways in which

pornographies may be understood in scholarship today.
